INVITATION

We are pleased to invite you to the online webinar on "The Contribution of Anthroposophic Medicine to the Integrative Treatment of COVID-19 Patients", which will take place on March 24, from 18:00 - 20:15 CET, via ZOOM.

In this webinar, anthroposophic doctors from different continents will share their experiences in the treatment of COVID-19 in diverse healthcare settings. Presenters will outline what they perceive as the added value of Anthroposophic Medicine to state-of-the-art conventional medical care for patients with COVID-19.

The webinar is organized by the International Federation of Anthroposophic Medical Associations (IVAA) and the Medical Section at the Goetheanum, in cooperation with the Academy of Integrative Health & Medicine (AIHM).

This webinar will be held in English and interpretation in Spanish will be available.
